REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the present claims are allowable over the closest prior art to Ishikawa et al. and Meguro et al.

Ishikawa et al. and Meguro et al are directed to coating-type magnetic recording tapes wherein the magnetic layer includes a non-magnetic binder with magnetic particles distributed throughout. The claims now exclude the presence of a non-magnetic binder component in the magnetic layer. The prior art fails to teach or suggest a motivation to substitute a thin film-type magnetic layer (i.e., a layer lacking a binder component) for the magnetic layer taught by Ishikawa et al. and Meguro et al. The prior art also fails to teach or suggest a motivation to use a silicon nitride containing layer as disclosed in the aforementioned references as a foundation layer or back coating layer in combination with a magnetic thin film medium without a binder material in the magnetic layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Holly Rickman whose telephone number is (571) 272-1514. The examiner can normally be reached on Monday-Friday 9:30-6:00.
